999 RS Comfort Fundo

Since many years the 999 RS is the most popular model in the Marushin product line. It could win a vast number of prizes and awards in product tests by domestic and international motorcycle magazines. Marushin continues that tradition with the newly developed 999 RS Comfort. The internal sun visor, a shield with a new quick removal mechanism and Pinlock®-preparation, a temperature and moisture regulating inner liner or the Marushin ratchet chin strap lock are only a few features, that assure also the 999 RS Comfort is an all-rounder when it comes to comfort, safety and functionality.
